Camp Outlook Camper Screening Process

While we require the above Information Form to be completed before going on trip, you must raise all possible issues with your doctor **and** with Camp Outlook. Very common sources of problems on Outlook trips are health and/or behavioural issues which were known to the camper, guardian, and/or referrer before the trip began. If the camper has a health or behavioural issue it does not necessarily mean that they will not be able to participate. If we know about an issue in advance we are usually able to accommodate it. In some cases however, it would not be in the best interest of the camper to go on the trip. In either case it is essential that we be aware of **ALL** possible concerns or considerations, **both medical and behavioural**. If you have any questions or concerns please call us at **613-544-6444**. Please use the space below to indicate any information, not outlined above, which Camp Outlook should be aware of:

I have read this form and confirm that all information is current, complete, and accurate. I have read and understand the document entitled "Camp Outlook Letter of Eligibility" and have raised any potential issues with the Camp Outlook Camp Directors.
